Cattle Data Main Screen

*Your Data At A Glance—No Fumbling Around—
Large Buttons Make It easy To Navigate*

The Cattle Central form is a comprehensive data entry interface for cattle. It features a blue header bar with the title 'Cattle Central'. The form is organized into several sections: 'Ranch ID' (with a dropdown set to '1'), 'Master Animal Lookup' (with 'Name - ID' and 'Ear Tag' fields), 'Animal Type' (radio buttons for Bull, Cow, Steer, Heifer, Calf), 'Calf Sex' (dropdown), 'Animal Status' (radio buttons for Active, Inactive, Sold, For Sale), 'Pen', 'Pasture', 'Current Weight', 'Description', 'Breed', 'Market Class', 'Sire', 'Dam', 'Date Of Birth', 'Birth Weight', 'DNA - ID', 'Unique ID', 'Date Weaned', 'Weight At Weaning', 'Weaned' (checkbox), 'Sold On', 'Sold To', and 'Asking Price'. At the bottom, there are three large buttons: 'Add', 'Edit', and 'Delete Animal'. Below these are several smaller buttons for 'Calf History', 'Animal Notes', 'Death Information', 'Purchase Information', 'Earnings', 'Expenses', 'Insurance', 'Brand History', 'This Animal's Reports', and an 'Exit' button.

Goat Data Main Screen

*Crucial Data At The Top Of The Form—
No Having To Hunt Around For It*

The Goat Central form is a data entry interface for goats. It has a blue header bar with the title 'Goat Central'. The form includes fields for 'Ranch ID' (dropdown set to '1'), 'Animal Lookup' (with 'Ear Tag / ID' field), 'Status' (radio buttons for Active, Inactive, Sold, For Sale), 'Type' (radio buttons for Billy, Nannie, Kid, Wether), 'Pen', 'Pasture', 'Current Weight', 'Kid's Sex', 'Description', 'Breed', 'Market Class', 'Dam', 'Sire', 'Date Of Birth', 'Birth Weight', 'DNA - ID', 'Unique ID', 'Date Weaned', 'Weight At Weaning', 'Weaned' (checkbox), 'Sold On', 'Sold To', and 'Asking Price'. At the bottom, there are three large buttons: 'Add', 'Edit', and 'Delete'. Below these are smaller buttons for 'Animal Notes', 'Death Information', 'Purchase Information', 'Earnings', 'Expenses', 'Insurance', 'This Animal's Reports', and an 'Exit' button.

Horse Data Main Screen

Unique Data Fields When Called For

The Horse Central form is a data entry interface for horses. It has a blue header bar with the title 'Horse Central'. The form includes fields for 'Ranch ID' (dropdown set to '1'), 'Animal Lookup' (with 'ID Number' and 'Freeze Brand' fields), 'Animal Type' (radio buttons for Stallions, Mares, Colts, Fillies, Geldings), 'Animal Status' (radio buttons for Active, Inactive, Sold, For Sale), 'Pen', 'Pasture', 'Description', 'Breed', 'Dam', 'Sire', 'Date Of Birth', 'Weight', 'Height', 'Date Acquired', 'Cost', 'Acquired From', 'Sold On', 'To', and 'Price'. At the bottom, there are three large buttons: 'Add', 'Edit', and 'Delete'. Below these are smaller buttons for 'Animal Notes', 'Animal Use', 'Insurance', 'Foal History', 'Income', 'Expenses', 'Death', 'This Animal's Reports', and an 'Exit' button.

Livestock Management

Hog Data Main Screen

Every Animal Has Its Own Set Of Reports

The screenshot shows the 'Swine Central' software interface. It features a top header with the title 'Swine Central'. Below this, there are several input fields and buttons. On the left, there's a 'Ranch ID' field with the value '1'. Next to it is an 'Animal Lookup' button. To the right, there's a 'Type' section with radio buttons for 'Boar', 'Sow', 'Barrow', 'Gilt', and 'Shoat'. Below this is a 'Shoat Sex' field and a 'Status' section with radio buttons for 'Active', 'Inactive', 'Sold', and 'For Sale'. The main area contains various fields for animal data: 'Ear Tag / ID', 'Pen', 'Pasture', 'Current Weight' (with a value of '0'), 'Description', 'Breed', 'Market Class', 'Dam', 'Sire', 'Date Of Birth' (with a date format ' / /'), 'Birth Weight' (with a value of '0'), 'Date Weaned', 'Weight At Weaning', 'DNA - ID', 'Unique ID', 'Sold On', 'Sold To', and 'Sold For'. At the bottom, there's a row of buttons: 'Add', 'Edit', 'Input Images', 'Pedigree Photo Gallery', 'Pedigree', 'Animal Notes', 'Death Information', 'Purchase Information', 'Earnings', 'Expenses', 'Insurance', 'This Animal's Reports', and an 'Exit' button. An arrow points from the text 'Every Animal Has Its Own Set Of Reports' to the 'This Animal's Reports' button.

Sheep Data Main Screen

Perfect For Showing Animals

The screenshot shows the 'Sheep Central' software interface. It features a top header with the title 'Sheep Central'. Below this, there are several input fields and buttons. On the left, there's a 'Ranch ID' field with the value '0'. Next to it is an 'Animal Lookup' button. To the right, there's a 'Type' section with radio buttons for 'Ram', 'Ewe', 'Lamb', and 'Wether'. Below this is a 'Lamb's Sex' field and a 'Status' section with radio buttons for 'Active', 'Inactive', 'Sold', and 'For Sale'. The main area contains various fields for animal data: 'Id Number', 'Ear Tag', 'Paint Number', 'Pen', 'Pasture', 'Dam', 'Sire', 'Description', 'Breed', 'Market Class', 'Date Of Birth', 'Birth Weight', 'Date Weaned', 'Weight At Weaning', 'Current Weight', 'DNA - ID', 'Sold On', 'Sold To', and 'Asking Price'. At the bottom, there's a row of buttons: 'Add', 'Edit', 'Delete', 'Lamb History', 'Animal Notes', 'Death Information', 'Purchase Information', 'Earnings', 'Expenses', 'Insurance', 'This Animal's Reports', and an 'Exit' button. An arrow points from the text 'Perfect For Showing Animals' to the 'Animal Notes' button.

Operations

Weaning / Weight Changes/Pasture Management

Record Weanings

Eventually every calf, kid or lamb has to be weaned, this list makes it easy to select which one, program will fill in the birth weight and date born, you fill in the date weaned and the weight at weaning—the program does the rest

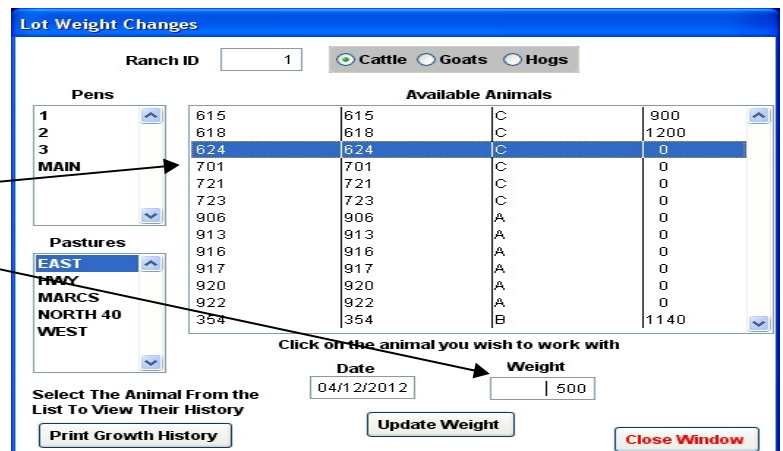

Question about what to do? Answer is here

The 'Record Weanings' form has a blue header and a tabbed interface with 'Calves', 'Kids', and 'Lambs'. The 'Calves' tab is active. On the left, a list of animals includes PO012, RANCH02, 0510112A, 0510113A, 0510113B, 0710912A, 1086A, 0710912B, 901, 904, 905, and 906. An arrow points from the text 'select which one' to this list. To the right of the list are input fields for 'Ranch ID' (1), 'Ear Tag', 'Birth Weight' (0), 'Date Born' (//), 'Date Weaned' (//), and 'Weight At Weaning' (0). Below these is a button 'Add This Animal To List'. At the bottom are buttons 'How To Use This Form', 'Save List And Update Files', and 'Close Window'. An arrow points from the text 'Question about what to do? Answer is here' to the 'How To Use This Form' button.

Record Weight Changes

Those animals sure can grow fast. Rather than having to locate each one in the master list, use this form to select an animal, change the weight and let the program do the rest

The 'Lot Weight Changes' form has a blue header and a tabbed interface with 'Cattle', 'Goats', and 'Hogs'. The 'Cattle' tab is active. It features a 'Ranch ID' field (1) and a 'Pens' list with options 1, 2, 3, and 'MAIN'. Below 'Pens' is a 'Pastures' list with options 'EAST', 'HWY', 'MARCS', 'NORTH 40', and 'WEST'. An arrow points from the text 'select an animal' to the 'Pens' list. The main area is a table titled 'Available Animals' with columns for animal ID, weight, and location. The table contains data for animals 615, 618, 624, 701, 721, 723, 906, 913, 916, 917, 920, 922, and 354. An arrow points from the text 'change the weight' to the 'Weight' column. Below the table is a button 'Click on the animal you wish to work with'. At the bottom are input fields for 'Date' (04/12/2012) and 'Weight' (500), followed by buttons 'Print Growth History', 'Update Weight', and 'Close Window'.

Operations

Frame Score / Linear Measurements

Frame Score

Enter the date of birth, the date recorded and the system calculates the age in months, enter the height of the animal and let Today's Rancher do the rest.. For the most accurate history store the animals current image

Data is only good when you can get to it. All of our condition reports (body—Udder —Frame Score—Linear Measurements) show the history and photos of your production records

Linear Measurements

Take the measurements, enter the data into our form and let Today's Rancher do the rest.. For the most accurate history store the animals current image, when you need to see how an animal is doing, just print out the history report.

Breeding Operations

Record A.I.

When you're breeding animals, it's important that your record keeping is accurate. With Today's Rancher, the guess work is taken out of the process of A.I. you know when, what batch, the condition of the animal plus you have space for extra notes—the system will calculate an approximate due date for you

Update Insemination Records

Close Window

To select multiple animals hold down the <Ctrl> key and <Left Click> the mouse

Breeding Operations

You don't have to remember all your animals in either the A.I or Embryo Transfer forms, If you <right click> in the animal id field you'll get a list of the appropriate animals, simply select and go

Letting Big Daddy roam the pasture? Use this form to record when he started and when you took him out, the program calculates everything else and creates a record for every animal in the pasture.

Pregnancy Verification

The vet's on the way to check the status of our pregnant animals. Once finished, enter the results of the examination here, the system will calculate an approximate due date for you

Inventory Control

Tack / Semen / Embryos / Reports

Tack Inventory

Raising horses? Have horses for rent or use? Store your tack inventory right here, keep track of where it's stored and which animal uses it.
